Profile

Highly motivated and enthusiastic aspiring web developer eager to embark on a dynamic career in the tech industry. Possessing a strong foundation in web development principles and technologies, I am committed to continuously enhancing my skills. With a passion for problem-solving, I thrive in fast-paced environments where I can contribute to innovative projects.

Open to relocation for the right opportunity.

Currently interested in Node.js with Express, while also polishing front-end skills.

Work Experience

2024
Albert s'occupe de tout
Web Developer

First professional project as a freelancer. I have created this showcase website for a small French business that offers services to property owners with listings on Airbnb in Paris and along the French coast. The project utilizes modern technologies such as Astro and Tailwind to achieve high performance and SEO. Still in progress.

2021 - 2023
Hotel Mercure Accor, France
Receptionist

As a receptionist at a 4-star hotel, I managed calls, emails, and check-ins while providing guests with information about amenities and rates. I prioritized safety procedures and collaborated closely with the manager to meet objectives.

2020 - 2021
Casa Kraken, Puerto Vallarta, Mexico
Co-Manager

I managed the team, handled administrative tasks, and maintained inventory. I also took charge of social media and organized social activities. Additionally, I oversaw reservations from various platforms like Booking.com, HostelWorld, Airbnb, and email.

2019 - 2020
Funky Fes, Fes, Morocco
Assistant Manager

I led the team, supported the General Manager, and conducted interviews for hiring new employees. Additionally, I handled accounting tasks.
